

Centurion 6A

State-of-the-art AM system for 6-foot door openings

Combining elegant design with advanced electronics, Centurion 6A offers strong detection rate to help fight shrink while fitting in unobtrusively in any store environment.

The system automatically detects interference and the use of EAS jammers. The optional people counter can provide useful store analytics, while the remote tuning capabilities help with reducing the total cost of ownership.

KEY FEATURES

- > Modern and elegant acrylic design
- > Exceptional detection rate
- > Sensitivity adjustment reduces false alarms
- > Built-in jammer detection
- > Network connection and I/O port for easy integration with other LP systems
- > Optional remote tuning capability can reduce maintenance costs and downtime
- > Optional people counter can help with store operations and scheduling
- > Optional booster-bag detection

SPECIFICATIONS

- > Frequency: 58 kHz
- > Dimensions: 15.7" W x 59.3" H x 0.8" D (40 cm x 150.7 cm x 2 cm)
- > Base depth: 4.1" (10.4 cm)
- > Weight: 30.9 lbs (14 kg)
- > Order code: CT400 AM TRX
- > Detection range: Up to 6' (between two pedestals)
- > Power requirement: 115V/60Hz or 230V/50Hz, 35W max (external power supply available)
- > Alarm mode: Buzzer and RGB alarm indicator
- > Operating temperature: 32° F - 95° F
- > Relative humidity range: 0 - 90%, non-condensing
