

Centurion 9M

Sturdy aluminum AM system for 9-foot door openings

Lightweight yet tough thanks to its aluminum construction, the Centurion 9M offers exceptional detection rate while easily fitting into any store environment.

The Centurion 9M's Active Response System automatically adjusts the system to block interference ensuring reliable operation even in challenging environments.

KEY FEATURES

- > Highly reliable system with high detection rate
- > Lightweight metal construction
- > Active Response System monitors store environment and automatically adjusts the system to reduce interference
- > Can be synchronized with multiple systems
- > Built-in jamming detection
- > Energy efficient - about 20W power consumption
- > Easy to use ShopMonitor Lite Dashboard for alarm event management

SPECIFICATIONS

- > Frequency: 58 kHz
- > Dimensions: 19.7" W x 60" H x 1.97" D (50 cm x 152.5 cm x 5 cm)
- > Base depth: 1.97" (5 cm)
- > Weight: 23.7 lbs (10.75 kg)
- > Order code: MPP500 AM TRX
- > Detection range: Up to 7.87' (between two pedestals)
- > Power requirement: 115V/60Hz or 230V/50Hz, 35W max, internal PS embedded (external power supply available)
- > Alarm mode: Buzzer and RGB alarm indicator
- > Operating temperature: 32° F - 95° F
- > Relative humidity range: 0 - 90%, non-condensing
